

Performer image guide

What to do:

- Pick a neutral background
- Use natural light
- Set the camera at eye level
- Use a tripod or have someone else take the image (no selfies)
- Face the camera
- Pose naturally, either with or without your instrument (whatever feels natural)

What not to do:

- Don't obscure your face
- Unnatural pose
- Face away from the camera
- Pose in front of a busy background
- Photo is poorly lit
